

DEMOCRAT CONVENTION WILL GO TO CHICAGO

Chicago, Ill., August 10.—Assurances have been received by local democrats that Chicago will be chosen for the democratic national convention of 1908. Details of the space afforded for seats in the coliseum were laid before Roger C. Sullivan, national committeeman, today and a conference which was expected to put the finishing touches on the plan was held between Mr. Sullivan and Chairman Thomas Taggart of the national committee this afternoon. Further than that Mr. Sullivan made a brief statement which his friends construe as meaning beyond a doubt that it has been decided informally by the national committeemen, with nearly all of whom Chairman Taggart is frequently in conference, to bring the big convention here.

Notice

Attention is called to the circular distributed in every home in Tucumcari in reference to sanitation. As an additional precaution against typhoid fever, it is recommended that all water for drinking purposes be boiled before using. We earnestly ask the hearty cooperation of every citizen of Tucumcari in this matter.

BOARD OF HEALTH.

J. Stern of Las Vegas, N. M., spent a few days here this week.

Pay Roll \$15,000.

(Continued from First page.)

While we have doubled in population during the past twelve months we will certainly double again in each of the two years to come. When we take all these things into consideration it is not surprising that so many people are coming to this locality for investments.

RAILWAY CO. BUILD- ING NEW COAL CHUTES

The El Paso & Southwestern is building a new coal chute with a capacity of eighty tons, and will be arranged in such a manner that an engine can get just the amount of coal it needs. What is meant by eighty tons capacity is that the pockets will each hold eighty tons of coal. There are two pockets in this chute.

North Side School.

The Board of Education at a meeting Wednesday established a school in the Dawson part of town, which will be known as the North Side School.

A comfortable building will be at once erected by the O'Shea Promotion Company, which will be used until such time as that part of town will warrant the erection of a permanent building, which will be at no far distant date, considering the way that portion of the town is growing.
